Helpful Hints to Expedite Proof Process

- Build design in a separate locked layer on top of template
- We print in CMYK colors
- We prefer vectored designs in .pdf or .ai format
- Fill template to pink bleed line while keeping all important details in the live area with blue dashes
- Distributor ID and safety line are required
- All art should be outlined and text converted to curves

If you need support with your design, our staff artist can help for \$35.
